Sunday 6nd April	Stephen McDonald	Walker of the Sky - the Inner Life of Krishnamurti

This talk will examine some aspects of Krishnamurti's inner experience.

J. Krishnamurti remains one of the most paradoxical religious figures of the 20th Century. But who or what was he? What was his relationship with the Theosophical Society? In his personal account entitled *Krishnamurti's Notebook*, he attempted to describe, in words, something of the deep inner life, which formed part of his daily experience.

Stephen McDonald has been an active member of the Theosophical Society since 1976. He is a past President of Blavatsky Lodge, Sydney, and is currently the National President of the TS in Australia. He has had an enduring interest in the work of J. Krishnamurti and Theosophical classics, such as *Voice of the Silence* and *Light on the Path*.
